Binding Buddy Instructions

To cut bias binding strips:

Place ruler with 45° angled edge on salvage edge of fabric. (If using a full width of fabric, you may want to cut off the fabric fold.) Cut on both sides of the ruler. Lift ruler; place left edge of ruler on newly cut left edge of fabric and continue cutting strips.

To cut straight-of-grain
binding strips:

Place ruler with straight edge on salvage edge of fabric. (Note: fabric may be folded in layers.) Cut on both sides of the ruler. Lift ruler; place left edge of ruler on newly cut left edge of fabric and continue cutting in strips.
